1. **Introduction.** The previous meeting notes were reviewed. The Chair described the purpose of the meeting to consider how to update the Plan.
2. Brigid then provided some context by describing Neighbourhood Plan regulations including the Regulation 14 procedures
3. **Action points**
 - a. **Basic Condition Statement** SG agreed to establish a Basic Condition Statement consisting of the evidence associated with our Plan and to recommend this decision to CPC. This will create 2 documents and reduce the size of the Plan itself to a smaller more manageable size.
 - b. **Review Feedback non Plan Themes** The meeting agreed to review the consultation responses to the Plan by examining Jon's spreadsheet (sent on separately by Brigid) of responses against the Plan itself as follows;
 - i. **Housing** Sara and Siobhan (tbc)
 - ii. **Business Development** Rachel
 - iii. **Traffic and Transport** Edward
 - iv. **Sustainable Living** Gary
 - v. **Community Facilities and Recreation** Peter and Libby
 - vi. **Local Heritage and the Environment** Jon
4. A wide ranging discussion then considered how the final consultation events might capture local interest by utilising existing meeting events and places e.g. pubs, clubs and village events. The aim is to emphasise the positives of living in Condover Parish reflected in the Plan.
5. **DONM** The next meeting will take place at 7.30 pm on 23 May 2024 (location to be confirmed).
